Alternative Service - In-Person

WSC is recommending that members contact local food banks to volunteer in a very meaningful way in person this season. If you are not an individual at high risk, or a caregiver of someone who is, this is a great way to log hours as alternative service if your site is closed or you are not filling 40 hours per week. Food banks are critically under-resourced, and the need for food access is higher than ever due to impacts of COVID 19. Once you have started alternative service at a food bank, please let your WSC Coordinator know.
